What impact have they had?		<b>Coastline</b> What jobs did people who live near the coast have in the past?		<b>Magnificent Monarchs</b> What was or monarchy like in the past? How has it changed? Which monarchs made a significant change to our country.	

At West Byfleet Infant School, our aim is to provide History lessons which stimulate curiosity in the children, compelling them to want to discover more about our past and how it has changed over time. We explore changes within their own living memory and look at national changes such as how London has changed over time and events such as The Great Fire of London. We learn about monarchy and power throughout history and cause and consequence of change.

Children will draw upon their previous learning and start to develop deeper understanding of historical events over time.

We do this through the provision of enrichment activities and experiential learning which ensures that content is delivered in a fun, engaging manner.
